Notice for Jan 2020-July2020 and July2020-Dec2020 Ph.D. student batch

Team CCC would like to inform you that your institute email ID has been generated. Our Email service is running on a more robust and high available G-Suite service, which is nothing but adding a layer on top of Gmail so that you can log in using our institute email ID in Gmail. You will get an email to your personal email ID to activate your institute G-Suite account. The link will expire after 48 hours. Sometimes the activation email will be placed in your spam folder, please check there as well.

For any query and concern related to G-Suite email account, please drop one email to "nits_ccc_helpdesk@nits.ac.in" with subject**'G-Suite Email Account for Ph.D.'** mentioning your scholar ID. Any email without proper subject and scholar ID will not be entertained by CCC.

Thank You
Team CCC
